Description			
Problem: Schedule not found on receive area of pc 37356X931008			
Causes: There are some incorrect data in the master plans. The part color has been swapped of part no "83240TGV A112M1", control no XX72, and packing items 12-13.			
Solutions: Correct the part color in the master plan. Remove and re-generate the receive/outer schedule by calling the store procedure directly.			
Conclusion: The data has been corrected and staff is able to receive the item.
